

AUSTRALIAN CUSTOMS DUMPING NOTICE NO. 2010/22

Greyback cartonboard

From The Republic of Korea

Continuation of anti-dumping measures

Customs Act 1901 – Part XVB

The Australian Customs and Border Protection Service (Customs and Border Protection) has completed its inquiry into whether the expiration of the anti-dumping measures applying to greyback cartonboard exported to Australia from the Republic of Korea (Korea) would lead, or would be likely to lead to, a continuation of, or a recurrence of, the dumping and the material injury that the measures are intended to prevent.

Customs and Border Protection reported its findings and recommendations to the Attorney-General (the Minister) in Trade Measures Report No. 154 (REP 154). The Minister has considered REP 154 and has accepted Customs and Border Protection's recommendations.

The Minister has declared that he has decided to take steps to secure the continuation of anti-dumping measures currently applying to greyback cartonboard exported to Australia from Korea. These measures will continue from 27 July 2010.

Notice of the Minister's decision was published in *The Australian* newspaper and the Commonwealth of Australia Gazette on 23 June 2010. The reasons for the recommendations and material findings of fact and law in relation to the continuation inquiry are contained in REP 154. REP 154 can be obtained from Customs and Border Protection's internet site at www.customs.gov.au or on request from Trade Measures Office Management on telephone 02 6275 6547 or by fax on 02 6275 6888.
