## 4 Conditions

If the CEO grants you confirming exporter status, it will be subject to the following conditions. You must:

- specify the appropriate confirming exporter status in any export declaration relating to the goods in respect of which the status was granted where I propose to rely on that status; and
- provide full details of the information in respect of which the status was granted as soon as practicable after exportation and not later than the time the CEO indicates in the notice granting the status; and
- notify forthwith the CEO if information in respect of which the status was granted becomes, to my knowledge, able to be ascertained before the exportation of goods in respect of which the status was granted; and
- submit to Customs in each export declaration relating to the goods in respect of which the status was granted, a reasonable estimation of the information that I am unable to ascertain prior to exportation.

If the CEO grants you confirming exporter status, your status may be subject to additional conditions which will be included in the confirming exporter status approval notice.

### Cancellation and modification of status

Where the CEO is satisfied that information in respect of which confirming exporter status was granted is now able to be ascertained before exportation, he or she must sign a notice in writing:

- cancelling the confirming exporter status forthwith; or
- modifying the confirming exporter status so that it no longer relates to that information.

### Failing to comply with a condition

- If you fail to comply with a condition to which the grant of confirming exporter status in respect of information and goods is subject, then you are guilty of an offence (Penalty: 10 penalty units).
- This is an offence of strict liability.
- If you are convicted of such an offence; or
- if the CEO becomes satisfied that you failed to comply with a condition of a grant of confirming exporter status although no proceedings for an offence have been brought against you

the CEO may:

- cancel your status as a confirming exporter in respect of that information and those goods; or
- modify your status as a confirming exporter so that it no longer relates to specified information or goods or so that the conditions to which it is subject are altered in a specified respect;

by signing a notice stating that that status has been so cancelled or modified and setting out the reasons for that cancellation or modification.
