AUSTRALIAN CUSTOMS DUMPING NOTICE NO. 2010/10

LINEAR LOW DENSITY POLYETHYLENE EXPORTED FROM THE REPUBLIC OF INDONESIA

Finding in relation to continuation inquiry

Customs Act 1901 – Part XVB

The Australian Customs and Border Protection Service (Customs and Border Protection) has completed its inquiry into whether the expiration of the anti-dumping measures applying to linear low density polyethylene (LLDPE) exported to Australia from the Republic of Indonesia (Indonesia) would lead, or would be likely to lead, to a continuation of, or a recurrence of, the dumping and the material injury that the measures are intended to prevent.

Recommendations resulting from that inquiry, reasons for the recommendations and material findings of fact and law in relation to the inquiry are contained in Trade Measures Report No 152 (REP 152).

In REP 152, Customs and Border Protection recommended that the anti-dumping measures applying to LLDPE exported to Australia from Indonesia expire on 19 July 2010 and 27 July 2010. The Minister for Home Affairs (the Minister) has considered REP 152 and has accepted Customs and Border Protection's recommendations.

The Minister has declared that he has decided not to take steps to secure the continuation of anti-dumping measures currently applying LLDPE exported to Australia from Indonesia. These measures will expire on 19 July 2010 and 27 July 2010.

Notice of the Minister's decision was published in *The Australian* newspaper and the *Gazette* on 1 April 2010.

REP 152 can be obtained from Customs and Border Protection's internet site at www.customs.gov.au or on request from Trade Measures Office Management on telephone 02 6275 6547 or by fax on 02 6275 6888. Any enquiries regarding this notice may be directed to the case officer on telephone 02 6245 5434, on facsimile 02 6275 6990, or email tmops1@customs.gov.au.
