

## **AUSTRALIAN CUSTOMS DUMPING NOTICE NO. 2006/17**

### **3mm Clear Float Glass**

### **Exported from the Republic of Indonesia by PT Muliaglass**

### **Finding in relation to a continuation inquiry**

#### **Section 269ZHG of the *Customs Act 1901***

The Australian Customs Service (Customs) has completed its inquiry into whether the anti-dumping measure (price undertaking) currently applying to 3mm clear float glass exported from the Republic of Indonesia by PT Muliaglass to Australia should be continued for a further five years. Customs' findings are detailed in Trade Measures Report No. 106.

Customs was not satisfied that expiration of PT Muliaglass' price undertaking would lead, or be likely to lead, to a continuation of, or a recurrence of, the dumping and the material injury that the anti-dumping measure is intended to prevent.

Accordingly, Customs recommended that the Minister should not continue the price undertaking applying to PT Muliaglass.

The Minister has accepted Customs recommendations and decided not to secure the continuation of the dumping duty notice on 3mm clear float glass exported from the Republic of Indonesia by PT Muliaglass. The notice of the Minister's decision was published in *The Australian* and the *Gazette* on 8 May 2006.

PT Muliaglass is to be released from its undertaking on 28 May 2006 and the investigation giving rise to the undertaking is terminated.

A printed copy of Trade Measures Report No. 106 is expected to be available shortly, and will be sent to parties who made submissions to the inquiry. Copies will be available on request from Trade Measures Office Management by telephone on (02) 6275 6547 and will also be available on Customs' website at [www.customs.gov.au](http://www.customs.gov.au) (follow the anti-dumping links).
