

NSW STATE NOTICE 2004/02

CPSU INDUSTRIAL ACTION

The Community and Public Sector Union (CPSU) advised the Chief Executive Officer of Customs on 18 October 2004 that, in pursuit of a Certified Agreement outcome, employees of Customs who are members of the CPSU intend to engage in industrial action on midnight on Thursday 21 October for a period of 24 hours. In some cases, work shifts that span midnight on Friday 22 October may also be affected.

Customs is not yet aware of what specific effect such action taken by any CPSU members will have on the management of passenger and cargo operations. Customs will have in place arrangements to manage any impacts in the same manner as currently apply for contingencies.

David Collins
Regional Director
